## Take Off & Reach Altitude

Board the aircraft and enjoy a scenic flight as you climb to 10,000 feet, taking in stunning aerial views while preparing for your jump.

## The Jump & Freefall

At altitude, exit the aircraft with your instructor and experience an exhilarating 30 seconds of freefall, reaching speeds of up to 200 km/h.

## Parachute Glide

After freefall, the parachute deploys and you glide smoothly through the sky, enjoying peaceful moments and spectacular views as you descend toward the landing zone.
